## Everyday Practice

- Guiding question:
  - How does power operate in everyday spaces?
  - In what ways can we disrupt the “norms” of power?

## Implementation

- Centering the voices often erased from the classroom (Intersectionality)
- Developing individual voice through curiosity, personal narratives, and self-reflection

## COMM 3760: Rhetorical Research Methods

- Implement strategies/techniques in the community
  - Participation formats (increase engagement/stories)
  - Facilitators moves (co-create space/embrace tension)
