

Introduction for Module 1 – Units and Conversions

Textbook: [Open Stax Chemistry 2e](#)

Suggested Reading: Chapter 1 (**Especially 1.4-1.6**)

Learning Objectives:

- **Define the importance of units in chemistry, and that the value is only one part of a value in science**
- **Show how an equivalence of two units can be used as a fraction to convert values**
- **Demonstrate how to convert between units through multiple conversion factors using the dimensional analysis approach**
